

2023 RISK PREVENTION SERIES

The Inspirien Risk team is excited about 2023 as we continue our efforts in offering our customers the tools needed to build a comprehensive Risk Prevention Strategy. This year's series is built around **Six Risk Focus Areas** that impact all healthcare facilities, regardless of size or location. The goal is to focus on one of the six key focus areas for two months. Information will be offered in multiple mediums, including education webinars, emails with links to best practice and resource information, and in-person or phone consultations. These engagement opportunities are designed to educate on the risk impacts and offer practical tools for helping our customers create actionable plans to improve their exposure.

This bi-monthly Risk Focus Area is **INFECTION PREVENTION**

Not only are preventable infections a huge patient safety issue, but hospital-acquired infections may not be reimbursable, just like readmissions. This makes infection prevention practices vital for patient safety and hospital bottom lines. Join our Inspirien Risk team during May and June as we explore **Infection Prevention**. Topics will include information on Infection Prevention Strategies and Bloodborne Pathogens. We will also explore how infection best practices align with the Hospital Value-Based Purchasing Program.

DATE	WEBINAR ID & Contact hours	REGISTRATION LINK
May 17 th @ 10 & 2	Infection Prevention Overview 2023 W004D – CE – 1.0	https://attendee.gotowebinar.com/rt/6567614280894342744
June 7 th @ 10 & 2	Bloodborne Pathogens W001D – CE – 1.2	https://attendee.gotowebinar.com/rt/2691152996263359583
June 22 nd @ 10 & 2	VBP Strategies – 2023 Update 051E CE – 1.8	https://attendee.gotowebinar.com/rt/4251538116961457238

Please forward these registration links to others in your organization, and they may register individually for our webinars. We have also set up our webinar process where you, as a facility representative, can register for the webinar and show the webinar to multiple participants in a classroom-type setting. If you choose this setting, we will send out webinar information before each webinar to provide instructions on documenting attendance so each participant will receive credit for the course. You can register multiple times to give your staff several opportunities to participate.

CE Credit will be offered for nurses [ABNP064 – exp. 07/01/2023]

CE credit is available only for those who attend the webinars as “live events.” If you have any questions about this process, please contact Debbie Franklin at dfranklin@inspirien.net or your dedicated Risk Consultant.
