

2023 RISK PREVENTION SERIES

The Inspirien Risk team is excited about 2023 as we continue our efforts in offering our customers the tools needed to build a comprehensive Risk Prevention Strategy. This year's series is built around **Six Risk Focus Areas** that impact all healthcare facilities, regardless of size or location. The goal is to focus on one of the six key focus areas for two months. Information will be offered in multiple mediums, including education webinars, emails with links to best practice and resource information, and in-person or phone consultations. These engagement opportunities are designed to educate on the risk impacts and offer practical tools for helping our customers create actionable plans to improve their exposure.

This bi-monthly Risk Focus Area is **Slips and Falls Prevention**

Slips and Falls can happen to anyone: visitors, patients, or staff. And, when they happen on hospital property, the financial costs associated with trending to an incident lies solely on the shoulders of the hospital. There are numerous best practices for prevention and mitigation, which provide an opportunity for your team to identify the root cause of incidents and ultimately integrate these learnings into future improved hospital work processes. Join us as we explore different aspects of *Slips and Falls Safety* and provide you with insight and valuable resources for best practices related to these.

DATE	WEBINAR ID & Contact hours	REGISTRATION LINK
11/16/2023 @ 10 AM & 2 PM	Back Safety & Injury Prevention 006-F 1.6 CE credit	https://attendee.gotowebinar.com/rt/3757118528281449306

12/13/2023 @ 10 AM & 2 PM	Ergonomics: Hazards & Best Practices 045E – 1.2 CE credit	https://attendee.gotowebinar.com/rt/1553748903265029215

Please forward these registration links to others in your organization, and they may register individually for our webinars. We have also set up our webinar process where you, as a facility representative, can register for the webinar and show the webinar to multiple participants in a classroom-type setting. If you choose this setting, we will send out webinar information before each webinar to provide instructions on documenting attendance so each participant will receive credit for the course. You can register multiple times to give your staff several opportunities to participate.

CE Credit will be offered for nurses [ABNP064 – exp. 06/01/2027]

Inspirien Holding Corporation is an approved provider of continuing education by the Alabama Board of Nursing.

CE credit is available only for those who attend the webinars as live events.

If you have any questions about this process, please email riskmanagement@inspirien.net or call 1-800-821-9605 to speak to a member of our Risk team.
